

We recognize the trust you place in us when visiting the practice and want to share with you the actions we are taking at New Frontier Oral Surgery to keep you and our team safe with the current threat of COVID-19.

As an oral surgical practice, we adhere to strict hygiene protocols in our common areas and our standard sterile protocols in our surgical suites as part of our daily practice. We have also implemented enhanced cleaning measures to ensure we are taking the appropriate precautions to safely see you in the office.

The American Dental Association and Florida Dental Association have released recommendation to suspend all non-essential and non-emergency dental visits for at least three weeks.

#### WHAT WE ARE DOING TO LIMIT EXPOSURE.

- Practicing social distancing by decreasing the number of available appointments to strictly emergency patients.

- Providing hand sanitizer in all areas of our office and repeatedly disinfecting all flat surfaces, doors, handles, etc.

We encourage everyone to do their part to prevent the spread of COVID-19.

Please contact us at (352)753-1114 or by email with any questions at [NewFrontierOS@aol.com](mailto:NewFrontierOS@aol.com)

Thank you for putting your trust in us, and we remain focused on providing you the best care.
